“Serving the Municipality of South Bruce”

Steve

- information is transparent and continuing to help with studies and passing information

Time Spent in Community

- Asses management plan
- growth of community as we may need (water tower)
- municipal update in local papers

Jim:

- business workshop
- 6-8 studies that economical studies help turn things around for small town businesses

*How to get our members involved with the increase of this project

*Jean: Things are getting nasty, people living all their lives together

That's why all safety concerns are being addressed
